

# SECONDS COUNT

...when it comes to emergency responders finding your home in a medical or fire emergency. The best way to shorten the time it takes to find you is by having a reflective green sign with white numbers posted in front of your house, and if you have a long driveway, a second sign.

The Nestucca Volunteer Firefighters Association makes and sells these highly visible 6 inch by 12-inch signs and the mounting hardware/posts at cost. Prices range from \$25 (sign only) to \$35 (sign, mounting hardware and post).

To order a new sign (or to replace a weather-worn old sign) visit [NRFPD.COM](http://NRFPD.COM). Under Services, click on "Online Forms," scroll to "Sign Order Information," complete the form and click – "Submit."

A NVFA volunteer will call you to confirm your order and address, and arrange for payment. An email address is required to complete an online order.

If you do not have an email address, you can pick up paper forms at the Nestucca Rural Fire Protection District office in Hebo (Station 87). You can also call the fire district office at 503-392-3114.
